

ANTIFREEZE
COOLANT

EXTENDED LIFE BLUE

Beck/Arnley Premium OE Extended Life Antifreeze/Coolant is an Ethylene Glycol based, pre-diluted, Antifreeze/Coolant formulated for Asian automobile engine cooling systems that specify the use of "Extended Life" Antifreeze/Coolant.

Beck/Arnley Premium OE Extended Life Antifreeze/Coolant utilizes Phosphated Organic Acid Technology also known as Hybrid Organic Acid Technology (HOAT) and contains no amines or borates and is free of silicates that may harm water pump seals and cause gel formation which may clog the radiator. **DO NOT ADD WATER.**

Beck/Arnley Premium OE Extended Life Antifreeze/Coolant provides superior extended life corrosion and rust protection of water-cooled automobile engine cooling system components and meets ASTM D-3306.
